PENN HEAD & NECK ONCOLOGY SYMPOSIUM:

MULTIDISCIPLINARY CARE OF THE ORAL CANCER PATIENT

Saturday, April 28, 2018
Princeton Marriott at Forrestal

COURSE DIRECTORS

Rabie M. Shanti, DMD, MD
Department of Oral & Maxillofacial Surgery
Department of Otorhinolaryngology—Head & Neck Surgery
Perelman School of Medicine at the University of Pennsylvania

Anh D. Le, DDS, PhD
Department of Oral & Maxillofacial Surgery
University of Pennsylvania School of Dental Medicine

Bert W. O’Malley, Jr., MD
Department of Otorhinolaryngology—Head & Neck Surgery
Perelman School of Medicine at the University of Pennsylvania

Thomas P. Sollecito, DMD, FDS RCSEd
Department of Oral Medicine
University of Pennsylvania School of Dental Medicine
Course Overview
This course will provide up-to-date guidance and education for the multidisciplinary treatment and management of the oral cancer patient. The areas of care highlighted will include risk factors and early detection as well as current surgical and non-surgical treatment strategies. Survivorship topics, such as, osteoradionecrosis and dysphagia will be reviewed with an opportunity for participants to discuss the various options available. Contemporary treatment modalities such as TransOral Robotic Surgery (TORS), proton therapy, and immunotherapy will be discussed as well. Additionally, current bench research as well as case presentations will be included in this comprehensive oncologic forum.

Target Audience
This program is designed for General Dentists and Dental Specialists, Head & Neck Surgeons, Oncologists, Oral & Maxillofacial Surgeons, Otolaryngologists, medical and surgical residents and fellows, dental and medical staff.

Educational Objectives
Upon completion of this course, participants should be able to:

1. Discuss oral cancer epidemiology and risk factors, including the diagnosis and management of premalignant conditions of the oral cavity.
2. Describe the role of the multidisciplinary care in the evaluation, treatment and management of the oral cancer patient.
3. Employ up to date treatment protocols and guidelines for oral cancer management.
4. Discuss the current rise of HPV and its impact on the prognosis and management of oropharyngeal cancer.
5. Discuss the reconstructive opportunities for the post-treatment of the oral cancer patient including reconstructive microsurgery (i.e., free flaps), dental implants, and prosthetics.
6. Apply a systematic approach to performing dental procedures, such as, extraction of teeth and/or placement of dental implants in the oral cancer patient.

COURSE DIRECTORS
Rabie M. Shanti, DMD, MD
Assistant Professor
Department of Oral & Maxillofacial Surgery
Department of Otorhinolaryngology–Head & Neck Surgery
Perelman School of Medicine & School of Dental Medicine at University of Pennsylvania
Bert W. O’Malley, Jr., MD
Gabriel Tucker Professor & Chair
Department of Otorhinolaryngology–Head & Neck Surgery
Perelman School of Medicine at University of Pennsylvania
Anh D. Le, DDS, PhD
Norman Vine Endowed Professor & Chair
Department of Oral & Maxillofacial Surgery
Perelman School of Medicine & School of Dental Medicine at University of Pennsylvania
Thomas P. Sollecito, DMD, FDS, RCSEd
Chariman, Department of Oral Medicine
Perelman School of Medicine & School of Dental Medicine at University of Pennsylvania

FACULTY
Steven B. Cannady, MD
Assistant Professor & Director of Microvascular Surgery
Department of Otorhinolaryngology–Head & Neck Surgery
Perelman School of Medicine at University of Pennsylvania
Brian M. Chang, DDS, FACP, FAAMP
Associate Professor of Clinical Restorative Dentistry
University of Pennsylvania School of Dental Medicine
Lee Hartner, MD
Associate Professor
Division of Hematology & Oncology,
Department of Medicine
Perelman School of Medicine at University of Pennsylvania
John N. Lukens, MD
Assistant Professor
Department of Radiation Oncology
Perelman School of Medicine at University of Pennsylvania
Jason G. Newman, MD
Associate Professor
Department of Otorhinolaryngology–Head & Neck Surgery
Co-Director, Center for Head and Neck Cancer
Perelman School of Medicine at University of Pennsylvania
Neeraj H. Panchal, DDS, MD
Assistant Professor
Department of Oral & Maxillofacial Surgery
Perelman School of Medicine at University of Pennsylvania

Tuition Fee
Physicians: $200.00
Staff, Residents, Fellows: $150.00

**Accreditation**
This activity has been planned and implemented in accordance with the accreditation requirements and policies of the Accreditation Council for Continuing Medical Education (ACCME) through the joint providership of Postgraduate Institute for Medicine and Penn Medicine. The Postgraduate Institute for Medicine is accredited by the ACCME to provide continuing medical education for physicians.

**Designation of Credit**
The Postgraduate Institute for Medicine designates this live activity for a maximum of 7 **AMA PRA Category 1 Credit(s)™**. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

This continuing education activity has been planned and implemented in accordance with the standards of the ADA Continuing Education Recognition Program (ADA CERP) through joint providership efforts between Postgraduate Institute for Medicine and Penn Medicine. Postgraduate Institute for Medicine is an ADA CERP Recognized Provider. ADA CERP is a service of the American Dental Association to assist dental professionals in identifying quality providers of continuing dental education. ADA CERP does not approve or endorse individual courses or instructors, nor does it imply acceptance of the credit hours by boards of dentistry. Postgraduate Institute for Medicine designates this activity for 7 continuing education credits.

**Disclosures**
Postgraduate Institute for Medicine (PIM) adheres to the ACCME Standards for Commercial Support. Faculty disclosure information will be made available in the conference materials and syllabi. Faculty members are also expected to disclose to participants any discussions of off-label and/or investigational uses of pharmaceutical products within their presentations.

**Course Cancellation Policy**
The Department of Otorhinolaryngology–Head & Neck Surgery/Penn Medicine reserves the right to cancel or postpone any course due to unforeseen circumstances. In the event of cancellation or postponement by the OTO-HNS Department, the Department will refund conference registration fees but is not responsible for any related costs, charges or expenses to participants including cancellation fees assessed by airlines, travel agencies and hotels.

If a participant must cancel his/her registration, he or she may receive a refund if written notification is received by March 1, 2018. Refunds will not be processed after this date. All refunds are subject to a $75.00 cancellation fee. Please email your cancellation notification to oto-cme@uphs.upenn.edu.
Multidisciplinary Care of the Oral Cancer Patient

Penn Head & Neck Oncology Symposium:
Saturday, April 28, 2018
Princeton Marriott at Forrestal
100 College Rd E, Princeton, NJ
